

# Maple Class

## Celebration Newsletter

Maple Class have had yet another wonderful term. We have been on lots of adventures, singing and dancing our way to Christmas!

Literacy began this term with a visit from some tiny people... The Borrowers! We have followed their journey and created incredible pieces of writing based on them!

We have written exciting stories, free verse poems, newspaper reports and descriptions!

Hopefully they will come back for another holiday soon!

We have explored the United Kingdom in Geography this term. We particularly enjoyed looking at how London has grown!

You can support your child by:

- Practising adding and subtracting
- Practising common spellings
- Practising times tables - 3, 4 and 8.

Please note: Not all maths homework will save as some are game formats. Please do not be concerned by this.

Please continue to teach your child to read and discuss their books 5 times a week.
