

This term we have been:

In Literacy and Topic we have learnt lots about the Romans. We have found out all about Gladiators, Roman foods, Roman roads and Roman baths.

Through this we have written newspaper reports, leaflets and fact files. On our Roman Day we made our own shields, learnt about shield formations and tried some Roman foods (not dormice though!) Maple class have tried really hard to include lots of topical and interesting vocabulary in their sentences.

In Maths we learnt all about Length and Perimeter. We used rulers and metre stick to measure in mm, cm and mm. This then moved onto comparing and adding and subtracting lengths and for this the children had to learn how to convert measurements. Then they put all this into practise to find the perimeter of spaces and shapes - this was pretty tricky!

Purple Mash

While we are at home home-learning remember to use Purple Mash.

2Dos

If you click on the 2Dos section you will see tasks set which are updated regularly. These are to be handed in and then Miss Rockingham can see and comment on these.

Sharing

If you click on the Sharing section and then 'Shared Blogs' you will see our Maple Class blog. This is a great space for everyone to stay in touch and talk to each other. Miss Rockingham will also set some fun tasks on here too.
