

Oak Class

Term 2 Newsletter

We started our term off with a very moving tribute to the Fallen Soldiers of Newington by hosting a Remembrance service followed by tea and cakes with our guests. The class has received many letters of thanks from the community – all of them mentioning the children’s wonderful hospitality, their respect for the service itself and how each of them are such a credit to the school. I was very proud of every one of them.

We have had a very interesting term learning about Biomes. The children have used their knowledge of statistics and graphs to show the climates in these different areas around the globe. It was a wonderful topic to teach as it really peaked the children’s interest.

We are very lucky in year 6, that we get to do exciting things all year round! This term has been full of those things – peppermint cream making, trip to the ice-hockey, various sports competition and making Christingles to name a few. The children work so hard all the time, that these little treats are well deserved.

The children worked very hard together to create a fabulous Annunciation display for the school hall – just in time for the Christmas Fair.

Thank you for all your support at the fair – purchasing the Christmas trees and the wrapping paper. The children and I really do appreciate it.

Next term we will be studying World War 2. I know that the children will be enthused with this subject and will be very respectful in their learning. We will be reading Letters from the Lighthouse. In maths we will be continuing with fractions, decimals and percentages, which is actually a lot easier than you would think (just ask your children).

Have a fabulous Christmas break and come back refreshed ready to learn. Merry Christmas from Miss Abbott, Mrs Weight and myself x
