

Maple Class Celebration Newsletter

Term 4

Despite not being able to complete the term Maple class have experienced much of the Term 4 curriculum and have enjoyed every moment!

Our Roman Workshop with Jeremy from the Guildhall was a great success and our Roman shields and helmets are designed, painted and ready for battle when the time comes! We have really enjoyed learning about Light especially through the interactive games, experiments using torches and a cave and fun games!

11. A rainbow is made when sunlight is refracted by

Raindrops

Dust particles in the air

We have also had superb time learning about money, length and statistics in mathematics

I was really impressed with all the wonderful poems the children brought in to share and perform. We have definitely expanded our love of poetry and widened our experience of different poets? Who was your favourite?

Don't forget to login to the following interactive resources to support your child's learning:

prodigy

Please support your child at home by:

- Learning times tables; 2s, 3s, 4s, 5s and 8s.
- Rapid recall of mental addition and subtraction facts:
 - Adding and subtraction all numbers up to 20 e.g. 20-8, 14+3
 - Adding and subtraction up to 100 e.g. 100-86, 50+34
- Practising spellings
- Download the Twinkl, or Whiterose resources from the link sent via PING to work through with your child
- Take the opportunity to share in extra-curricular activities with your child such as cooking, gardening, sports skills (throwing and catching), reciting poetry. The list is endless!

Please read to their children
