

Willow Class

April 2021

Welcome to Term 5

Wow! Term 5 already! It seems this year is zooming past and with the lovely weather coming time will go past even more quickly.

We have started the term looking at plants. Willow Class are thinking about plant life cycles and have set up an experiment to see what seeds need to grow. We will be observing our plants over the next few weeks and will be bringing home some broad bean plants at half term.

In history we are going to be looking at The Great Fire of London. We will read some books about this in our literacy too and will write diary entries, newspaper reports and some fire poetry.

We have just finished our fraction work in maths and will be moving onto measurement related to height and length. We will finish the term thinking about geometry and the position and direction of objects.

Our RE big question for the term is, 'Who is a Muslim and what do they believe?'

In PE we are continuing to develop our bat and ball skills through playing small games of tennis.
