

Rowan class Term 5 Celebration Newsletter

What a busy term!
The children have
all worked so hard.
Well Done!

Our attendance has been
AMAZING!!!!

In Science we learnt about Animals including Humans

In topic we learnt about Explorers

Looking forward to Term 6

In Literacy we will be exploring some different traditional tales from around the world. We will be asking questions, making predictions and inferences about settings and characters. We will also be retelling a traditional tale and writing the narrative.

In Maths we will begin the term by focussing on place value with numbers all the way up to 100. We then move onto measurement and we will look at money and time. Throughout the term we will be incorporating a lot of problem solving and reasoning for children to apply and explain what they have learnt.

In topic our focus will be *Geography* through the topic of 'Far Far Away'. In this topic we will be travelling to 2 parts of the world; a hot country and a cold country. We will learn facts, create descriptions and compare the locations to the UK.

Would you prefer to live in a hot or cold country?
