

Acorn Class Newsletter — Term 6

Well what a year it has been! With lockdown learning and all the other things that have happened within our school year, Acorn Class have still managed to have exciting learning adventures and have made new friendships along the way!

Throughout Term 6 we have

- Learnt about sharks and other under water creatures. We have listened to classical music themed around the sea and have learnt many new underwater facts.
- ♦ Taken part in outdoor cookery and learnt to make stir fry and flat bread with honey. We know how to stay safe when cooking around a fire.
- ♦ Consolidated our number skills, using numbers to 20 to add subtract, order and sequence. We have found patterns in the environment and have used mathematical language to describe 3D shapes
- ♦ Taken part in our very first school sports day

And Finally..... It has been an absolute pleasure to teach your children this year. I have been so impressed with how they have all taken the events of this year in their stride and how it hasn't let it stop them from learning and enjoying their first year at school. I wish them all every success and happiness as they move on to new adventures in Year 1! **Have a great Summer!**
