

Maple Class Learning Celebration Term 6

This term we really enjoyed learning about Awe and Wonder in nature during our **Science Week** and also thinking about innovations during the fantastic Professor Bubblework's show.

Break the Rules day was lots of fun too!

We have had so many wonderful learning opportunities including:

- Creating our own PowerPoints in ICT
- Outdoor cooking with Wild Classroom UK
- Enjoying 'Bach to the Future' from the Kent Music Roadshow

What a wonderful group of children and what a joy to teach. I wish them all the best for next year and the future! Keep being you!!!
