

Rowan class Celebration Newsletter

Term 4

This term our topic has been London. We have loved comparing Lower Halstow to London and learning about famous London Landmarks. The children used lots of recycled materials to make replicas of their favourite London Landmark.

In Literacy this term we have been learning about our environment and how to make our world a better place.

We collected litter from around the school and the village. We had beautiful weather and the children were perfectly behaved.

We have really enjoyed learning about measuring and weighing this term. We were able to make learning very practical and lots of fun.

We really enjoyed picking daffodils and looking for signs of Spring, when we walked to the farm. We had a great morning.

On World Book Day we all dressed up as our favourite book character.

Things to practise at home

Next term in our topic work we will be learning about explorers.
In Science we will continue to learn about plants.

Please continue to practise reading the Year 1 exception words.

Can you learn to spell the words and use them to write sentences?

Please continue to read with your child and discuss their books as often as you can.
